Erskine House (AK-2)

Structure

NE corner Main St. and Marine Way. Log with beveled siding, 66'-6" (seven bay front) x 40'-2", one-and-a-half stories with long one-story porch and side wing, gable roofs; original plan much altered, log cross wall remains. Said to have been built 1792-3 by Alexander Baranov of the Shelikhov-Goldikov Co. as a storehouse; made into residence c. 1883. Possibly the oldest Russian building in the United States. 7 sheets (1966, including plot
